28. ‘Separating the post-Glacial coancestry of European and Asian Y chromosomes within haplogroup R1a’, Peter Underhill et al., *European Journal of Human Genetics*, 2010.
29. ‘A prehistory of Indian Y Chromosomes: Evaluating demic diffusion scenarios’, Sanghamitra Sahoo et al, University of Cambridge, November 2005.
30. ‘A prehistory of Indian Y Chromosomes: Evaluating demic diffusion scenarios’, Sanghamitra Sahoo et al. The National Academy of Sciences, USA, 2006.
31. ‘Mystery of Our Origins’, Dr. Lalji Singh, *NAAS News*, October–November 2009.
32. I collated material from various sources but the reader could use ‘Separating the post-Glacial coancestry of European and Asian Y chromosomes with reference to R1a’, Underhill et al., *European Journal of Human Genetics*, 2009: ‘The Indian origin of paternal haplogroup R1a1 substantiates the autochthonous origin of Brahmins and the caste system’, S. Sharma et al., *Journal of Human Genetics*, January 2009; ‘The Genetic Heritage of the Earliest Settlers Persists Both in Indian Tribal and Caste Populations’, Kivisild et al, *American Journal of Human Genetics*, 2003.
33. ‘The Indian origin of paternal haplogroup R1a1 substantiates the autochthonous origin of Brahmins and the caste system’, S. Sharma et al., *Journal of Human Genetics*, January 2009.
34. It is possible that the varna framework was no more than an intellectual effort to understand and rationalize the bubbling milieu of jatis. Scholarship based purely on texts has allowed the tail to wag the dog.

2. PEOPLE OF THE LOST RIVER

14. *A History of Ancient and Early Medieval India*, Upinder Singh. Pearson, 2009.
15. It can even be argued that Dasa refers to the Daha tribes of north-eastern Iran.
16. The words ‘krishna ayas’, black bronze, may not mean iron. In that case, even the Atharva Veda is ignorant of iron and we can date the Vedas even earlier, in the third millennium.
17. ‘Beginnings of agriculture in the Vindhya–Ganga Region’, Radha Kant Verma, Chapter 3 in *History of Science Philosophy and Culture in Indian Civilization*, (ed.) D.P. Chattopadhyay, Centre
