SUSTAINABILITY, PRODUCTIVITY AND PROSPERITY: UPL'S ZEBA USHERS IN A NEW FARMING REVOLUTION

Shri Bharat Taware has been cultivating sugarcane in his 38-acre plot of land in Vadgaon Rasai near Pune in Maharashtra for the last 10 years. He has always been conscientious about following the best farming practices like crop rotation, precision agriculture, and mulching. The kind of yields that had eluded him thus far are poised to become a reality, thanks to a revolutionary new technology.

By Ashish Dobhal, Director, UPL India.
