ARGUING INDIA'S 4-D REVOLUTION: Democracy, Demography, Digitisation, De-globalisation

TAKING A 4D VISION

Democracy is where we have strong, independent institutions, where there is a vibrant opposition, where there is accountability." Tamil Nadu's finance minister P. Thiaga Rajan led the debate on the first D—democracy. "Institutions have become less independent, more aligned with the central axis of power..." Picking up the gauntlet, Amitabh Kant, former NITI Aayog CEO and now the G20 Sherpa, countered that interacting with members of the G20 and the invitee countries, he felt they viewed India as "a very lively and vibrant democracy", which has a prime minister who has been democratically elected for a second term.

On the demographic dividend,
