KEY TAKEAWAYS

- Aviation was one of the sectors that was completely shut down during Covid. But SpiceJet found a business opportunity in cargo, since there was no movement of trains or trucks. The airline brought in medicines and PPE kits from China. Wide-body aircraft were used to fly to the Middle East carrying food, vegetables and flowers. The new business helped it retain its entire staff
- Indian Hotels gave meals to frontline workers, starting with the Nair Hospital in Mumbai. Then it added seven hospitals in Mumbai, three in Delhi and a few in Bengaluru and Chennai. At one stage, it was supplying 60,000-70,000 meals a day, totalling 6 million meals during the pandemic. By listening to its customers, Indian Hotels also began home delivery of food, and created homestays under the 'amã' brand
- The year 2019 saw the biggest box-office collections globally, totalling $42 billion. At PVR, 100 million people were coming to its cinemas. All that ended abruptly. Cinemas were the first to be shut down and the last to be reopened. PVR focused on costs and on shoring up liquidity. Most people, even without being asked, took a 50 per cent cut in their remuneration, says CMD Ajay Bijli

AJAY SINGH *CEO, SpiceJet*

We are getting back to pre-Covid levels. The market is doing well, the demand is strong, the yields are high
