LAW AND ORDER OF UP B

Just after assuming power in 2017, Yogi Adityanath is started taking strong action against the criminals and mafia under the zero tolerance policy against crime. The result is that the state which was infamous for its poor law and order situation before 2017 is now getting laurels in the country and abroad for its strong law and order.

As a result of the improved law and order situation, investors from the country as well as from abroad are interested in setting up industries in the state. The Yogi government has made a heavy budgetary allocation of 2260 crore rupees for the fiscal year 2023-24 for the improvement and better control of law and order. This will not only provide the facility of housing to the employees and officers of the police department but the commissionerate offices in different districts will also be able to work from their own state-owned offices.

POWER OF POLICE

In 2017, when the Yogi government came into the power there were more than 1.5 lakh vacant post in UP police department and more than 54 companies of PAC were dissolved. Fire brigade was becoming dysfunctional because of the lack of basic facilities. Today, the fire brigade department of Uttar Pradesh is working with state of the art facilities. State government has appointed more than 1.64 lakh new appointments in police department and restructured 54 companies of PAC. Three women PAC battalions have also been formed. Apart from it, in some districts the procedure of the formation of new battalions of PAC is also going on.

The Yogi government has done many works to boost the morale of police personnel. During 2017, the capacity of police training in the state was only 6000, which has been increased three times by the state government.

The infrastructural facilities of Uttar Pradesh police department have been improved. Good quality barracks have been constructed for police personnel. State government has taken the initiative for the proper representation of women in forces by increasing the number of female police personnel. Now the number of female police personnel in the department is three times more than what it was in 2017.

The prerequisite for good governance in any state is security and strong law and order. For a strong law and order, it is necessary that the power of police must prevail in the state. The police are behaving very politely with the general public and in a friendly manner, along with applying a zero tolerance policy against crime and criminals. Safe City programs are being run in coordination with the Urban Development department. CCTV cameras are keeping an eye on unwanted activities. State government has established 18 cyber police stations in the 18 ranges across the state. In other districts also, the process of forming the help desk and cyber Police stations is going on.

CRACKDOWN ON CRIMES

- Reduction of 79.83% in cases of the Dacoity, 63.49% reduction in cases of loot, 33.89% reduction in murder, 53.22 percentage reduction in cases of arson, 17.22 percent in theft and 44% reduction in cases of kidnapping in 2022 compared to the year 2016.
