To avoid a clash with the Rightists by putting forward the plea of unity is nothing but weakness and cowardice.

In the light of these observations it should be easy to decide who are, and who are not, genuine Leftists and as to whether the Forward Bloc has proved by its action and conduct to be a genuine Leftist organisation.

The question now is as to how Left-consolidation will ultimately be brought about. We have seen that three possible methods for achieving Left-consolidation have all failed. We also know that different individuals and parties have claimed to be Leftist. How then will the Left Movement develop in future?

The answer to this question is that the logic of history will determine who are the genuine Leftists. History will separate the chaff from the grain—the pseudo-Leftists from the genuine Leftists. When this elimination takes place, all the genuine Leftists will come together and fusion will take place. By this natural or historical process, Left-consolidation will be achieved. For this purpose, the acid-test of a fight on a double front is essential. Those who pass the test will be the genuine Leftists and they will all coalesce in time.

Since the Indians are a living nation, their political movement cannot die. And since stagnation has overtaken the Rightists, the logic of history demands a big Left Movement so that progress may continue. Conflict is bound to follow, but only for a time. Ultimately, Leftism will establish its supremacy over the entire political Movement of the land.

Since its inception, the Forward Bloc has been functioning as the spearhead of the Left Movement in India. Through its instrumentality, the Left forces have been gaining ground everyday and along with its ally, the Kishan Sabha; it will be largely responsible for bringing about Left-consolidation in future. By waging a fearless fight on a double-front and by welcoming simultaneous persecution at the hands of alien Imperialism and of the Indian Rightists it has established its claim to be a genuine Leftist organization. It has therefore succeeded where other parties have failed.

The Forward Bloc is to the Left Movement what the Gandhiites are to the Right Movement. Philosophically speaking, the former may be regarded as the "anti-thesis" of the latter. Though the Forward Bloc has always desired to work in close cooperation
