TOURISM AND TRAVEL: A big part of the allure of Delhi, both for locals and tourists, has been its famous markets. Whether it be electronic goods, garments, spices or anything else, Delhi has markets that cater to the diverse needs of the people.

- Redevelopment of Delhi's iconic markets into attractive tourist destinations
- 5 markets to be selected at first, Rs 100 crore has been sanctioned for the plan
- At least 1.5 lakh jobs to be created from these markets
- Wholesale Shopping Festival to give a new identity to wholesale markets of Delhi
- The "Dekho Meri Dilli" app will feature all these markets giving wholesome experience to enjoy these markets

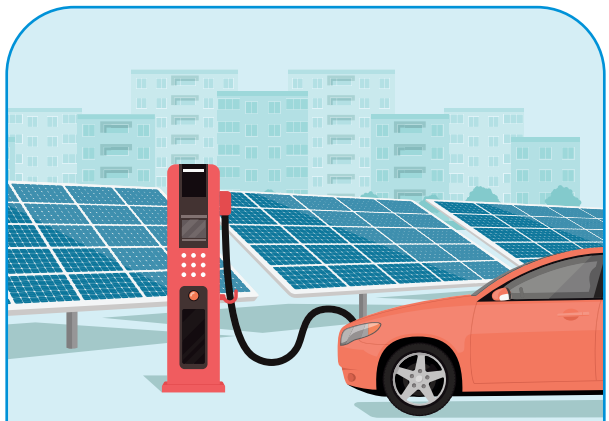

ENTERTAINMENT: The diverse culture, diverse people and diverse landscapes of Delhi attract film makers to Delhi. The completely online single window clearance mechanism (E-Film Clearance) will fast track all approval processes from more than 25 stakeholder agencies.

- A Rs 50 Crore Delhi Film Fund to support producers will be set up
- Providing subsidies of upto Rs 3 Crore for film shooting and for developing and promoting local artists from Delhi
- A Delhi Film Card of Rs 1 lakh by the tourism department for getting discounts for lodging, transportation etc
- Delhi will now witness an annual Delhi International Film Festival to promote Delhi as preferred filming destination nationally and globally
- The Annual Delhi Film Excellence Awards will acknowledge, honour and celebrate people who contribute to the growth and excellence of the Delhi film industry

Delhi Tourism

The Delhi Tourism and Transport Development Corporation (DTTDC) will be the Nodal agency executing Delhi Film policy.

GREEN ENERGY: The Delhi government is a big proponent of transition to environment friendly energy sources and solutions. Delhi is the leading state in Electronic Vehicle (EV) adoption in the country, with EVs accounting for more than 10% of new vehicle sales.

- Rs 750 cr for Rejuvenation of 600 water bodies will create 6,000 green jobs
