

LEAPS AND BOUNDS INDUSTRIAL PROGRESS –TELANGANA STATE IS BEST IN IT SECTOR

With a sole target of increasing the investments in the state, The TS-IPass Act was passed. Since the piece of legislation came into play, it has caused a revolution in the Industry sector in the state. The process of setting up an industry became simplified. So far, the State has accorded permission to **17,921** industries and **2,27,695** crores of investment had flown in. The Industrial output has increased by leaps and bounds due to **24** hour uninterrupted and quality power supply. The trickle-down effect is that employment opportunities for work force have increased.

To give wings to people with entrepreneurial bent of mind, T Hub and We Hub were established. The special platforms for the Start Ups have become role models in the country. Today Hyderabad has become the most favourable destination for many Multinational Corporations in the World. To tap into new growth frontiers in IT, The state government is making the State Artificial Intelligence Hub with the support from NASSCOM. As part of socially inclusive development, T PRIDE Scheme is to encourage exclusively the Dalit entrepreneurs.

With an idea of equitable distribution of development, the IT industry is being extended to Two Tier Cities like Warangal, Khammam, Karimnagar and Nizamabad. Overall the IT and allied sectors generated about **16** Lakh people got direct employment.

The IT exports in Telangana touched a new high The total amount of IT exports from Telangana state is Rs. **1,45,522** Crore.

BEST LAW AND ORDER SITUATION – PEACEFUL CITIZEN'S LIFE

Hyderabad is regarded as the safest city in the world, this image of the city has helped international and national investments pour into the city and became a destination hub for major investors. Since the formation of the state, the Telangana Police force has been striving to provide flawless services to the citizen round the clock, bringing the crime rate down in the State.

The government has modernised the Police network, providing the personnel with modern vehicles and state-of-the-art technology. Special funds have been allocated for maintenance of the stations. Leaving nothing to chance, the intelligence network has been strengthened. **8.8** Lakh CC Cameras, the highest in the country. With international standards, a **20**-storyed ultramodern Police Command Control Centre is being set up.

Today, women feel safe to walk free in the cities and towns of Telangana because of SHE teams. For women protection and safety SHE Teams are exclusively formed and they became role models for other states in the country.

Telangana is the only state in the country which is paying the highest salaries to the Home Guards. The state government has banned and successfully eliminated the illicit liquor menace in the state. It stopped the manufacture of Gutkha and its supply and sale. Playing Cards clubs are closed. The state government has taken severe and strict measures against the banned drugs.

For the first time in the country, Traffic Police are given **30** percent risk allowance in the Telangana State. In the last eight years, **28,288** police jobs are filled up and the process to fill up another **20,000** has begun.
