This dining table set-up harnesses the beauty and versatility of the Phool Mandi collection. Inspired by traditional flower markets of India, linens, poly cottons, poly viscose, twill weave, herringbone weave and satin weave have been used to give the fabrics a delicate look. The white mogras contrast well against the black background. The perfect setting for a festive feast.

Powerful prints, bold designs, and brave colours, have been our calling cards since 1985. Bringing the same fashionable aesthetic indoors creates the perfect backdrop for the festivities. Jacquards, prints, embroideries, velvet jacquards, textures and plains have been combined with linens, cottons, viscose and polyester. Natural flowers combined with linens accentuate the tranquil atmosphere. At the same time, psychedelic waves with peppy colours brighten up any space.
