MOTO GALORE

THREE OF THE LATEST TWO-WHEELERS IN THE MARKET

Engine 99.7cc, single-cylinder, petrol
Power 7.6bhp
Price Rs 64,000 (ex-showroom)

HONDA SHINE 100

Honda Motorcycle and Scooter India's entry-level 100cc motorcycle will be available at its dealerships from May 23. The motorcycle gets an all-new 99.7cc OBD2 compliant engine that produces 7.61bhp and 8.05Nm of torque. It is based on an all-new lightweight diamond frame with telescopic front suspension and hydraulic shock absorbers at the rear.

New Feature
Hyper charging, packed with the MoveOS 3.0 update rolled out for all Ola e-scooters, can add 50km to their range in just 15 minutes

OLA S1 PRO

Homegrown EV manufacturer Ola Electric has rolled out the MoveOS 3.0 update for all its electric scooters. New features include hyper charging, bluetooth calling, party mode, riding moods, advanced regeneration, hill-hold, proximity lock and unlock, and vacation mode. Hyper charging can add 50km to the range in just 15 minutes. The riding moods change the appearance of the instrument display.

HERO XOOM

Hero debuts a new design and unique tech with Xoom. Powering the scooter is a 110.9cc motor that has been used in older models, such as the Maestro. It produces 8.0bhp and 8.7Nm of torque and comes with a start/ stop function, which aids in efficiency and can be switched off. There is a telescopic front and a mono-shock rear suspension.

Engine 110.9cc, petrol
Power 8bhp
Price Rs 68,599-76,699 (ex-showroom)
