BIG HONOURS FOR HYUNDAI

Hyundai bagged its second consecutive hat trick at the World Car Awards with the Ioniq 6 winning the 2023 World Car of the Year, 2023 World Electric Vehicle and 2023 World Car Design of the Year trophies. A fourth trophy for Hyundai Motor Company came in the form of the World Car Person of the Year award for SangYup Lee, executive vice president, and head of Hyundai and Genesis Global Design Center. The Lucid Air electric sedan took top honours in the World Luxury Car category while another EV, the Kia EV6, was awarded the World Performance Car title. Winning the World Urban Car award was the Citroen C3. The winners were announced at the 2023 New York International Auto Show following an extensive evaluation by a jury comprising 100 automotive journalists from 32 countries.

BPCL ELECTRIFIES 5,000+KM OF HIGHWAYS

Bharat Petroleum Corporation Limited (BPCL) has inaugurated 110 fast EV charging stations along 15 highways in southern India making 5,000+km of highways electrified. These EV chargers are located at the company's fuel stations spread across a total of 19 corridors, 3 in Kerala with 19 fuel stations, 6 in Karnataka with 33 fuel stations and 10 in Tamil Nadu with 58 fuel stations. These corridors are present on busy highways connecting tourist and religious destinations. BPCL has currently established EV chargers on 21 highways across India, and aims to have 200 highways electrified in the coming months. Several of these charging stations have food stores and convenience stores.

RAPIDO SAFETY AWARENESS CAMPAIGN

Rapido, the auto taxi aggregator, has introduced a pan-India safety campaign—#RapidoSafetyFirst. As part of the safety awareness campaign, Rapido has equipped its auto-rickshaws in Bengaluru with seatbelts for passengers. The seat-belts ensure optimum safety for the passengers. The programme also includes mandatory safety training for riders, regular vehicle maintenance checks and real-time tracking. Furthermore, Rapido captains undergo a four-step background verification process, a learning module system and training for safety and customer-appropriate behaviour. The brand has also conducted the safety programme in collaboration with city traffic police departments across India, inculcating basic life support and CPR training for their captains.

JK TYRE LAUNCHES PREMIUM RANGE

JK Tyre has launched the Levitas Ultra range of tyres for premium cars. The tyre is available in multiple sizes compatible with models from all major luxury car manufacturers in India, including Mercedes-Benz, BMW, Audi, Jaguar Land Rover and Volvo. The Levitas Ultra range is available in sizes ranging from 225/55 R16 to 245/45 R18. The company plans to further expand the range to include tyre sizes from 19- to 22-inch as well. The tyres have a 5-star efficiency rating from BEE and also have W and Y speed ratings making them capable of handling speeds of up to 270kmph and 300kmph respectively.
