About the Book

Constitutional expert Chintan Chandrachud takes us behind the scenes and tells us the stories of ten extraordinary and dramatic legal cases from the 1950s to the present day that have all but faded from public memory. The book paints an unexpected picture of the Indian judiciary: the courts are not always on the right side of history or justice, and they don't always have the last word on the matters before them. This entertaining book is an incisive look into the functioning of Indian institutions.
