Praise for the Book

'This book narrates ten captivating stories about India's "forgotten" cases. Chandrachud's writing is simple for the lay reader and yet holds the attention of both the lawyer and the legal scholar. The book ignites interest in the law and in our Constitution, and is also a must-read for those who are in the legal profession. Chandrachud's book is eminently readable. You will enjoy it thoroughly.'

Zia Mody

'Stories, well-told, are more readable than judgements of courts. And this is a book of stories about select cases, written in a style that would have pleased the great master of law and language, Lord Denning. It is a must-read. Once you read them you will never forget them.'

Fali Nariman

'The Supreme Court of India has come to occupy centre space in public discourse and consciousness. This puts the Court in the unenviable position of being the cynosure of public attention – and concomitant public scrutiny. An exposition of the setting and context in which important cases were decided would help the informed lay opinion maker demystify the Court. The author has wisely chosen issues of contemporary relevance which were addressed in *forgotten* cases and presented them in a style that identifies the strengths but also spots the moments of weakness of the institution. A must-read for those interested in understanding the working of our powerful Court.'

Harish Salve

'There's nothing more riveting than the well-told account of a complex court case, where intriguing arguments collide with each other whilst the
