TISS: IN CLOSE ALIGNMENT WITH THE VISION OF NEP 2020

The vision of NEP 2020 is to provide holistic, multi-disciplinary, high-quality education to every learner and transform India into a global knowledge superpower. The Policy advocates innovativeness and dynamism in the education sector so that learners have limitless opportunities to chart their career path. Over the last decade and a half, we at TISS have been reimagining our academic programs to produce young professionals who can work with the best globally, in a highly dynamic and challenging world order. Our endeavour is to prepare graduates who are work-ready and high on values and ethics. There is, thus, a close alignment of TISS vision with the ideals of the NEP 2020 that is committed to high quality education grounded in our country's ethos and value system.
