"IIT Delhi provided me an opportunity to work on a cutting-edge research problem. The overall academic rigour, an opportunity to work with intellectual faculty mentors, and a company of aspiring peers resulted in holistic development"

DR KAUSHAL A. DESAI
PROFESSOR, IIT JODHPUR
BATCH OF 2011

National Capital Territory also provides significant advantages because it provides a test bed for a number of engineering solutions to be field-tested."

With such wide possibilities for postgraduate studies, including in Applied Mechanics, Biochemical Engineering and Biotechnology, Chemical Engineering, Computer Science and Engineering, Civil Engineering, Electrical Engineering and Textile and Fibre Engineering, among others, the institute offers students the best research, development and training facilities in the field of science, engineering and technology. Students at the end of their first year of postgraduate studies also have the option of taking up some employment and returning at some point to finish their studies.

The culture of start-ups at IIT Delhi arguably is not matched by any other institute in India. "We host a technology business incubation unit, and recently, we have opened a research and innovation park. Very soon, we will have our first joint PhD graduates with the University of Queensland," says Prof. Kurur.

The institute has taken several initiatives in accordance with NEP 2020 that talks about a multidisciplinary education and has launched various

TOP 5

TECHNICAL UNIVERSITIES WITH HIGHEST NUMBER OF PATENTS FILED IN PAST 3 YEARS

RANK	UNIVERSITY	NO. OF PATENTS
1	INDIAN INSTITUTE OF TECHNOLOGY BOMBAY*	593
