NEW ENTRANTS

Colleges that found a place among the top 25 for the first time

RANK	COLLEGE
15	ST XAVIER'S COLLEGE (AUTONOMOUS), Mumbai
22	SRI GURU GOBIND SINGH COLLEGE OF COMMERCE, UNIVERSITY OF DELHI, New Delhi

nam Verma, principal, Shaheed Sukhdev College of Business Studies, "Through V2S, we plan to share resources such as digital libraries, catalogs, journals, and research environments for students in collaboration with our faculty."

The SSCBS Institution's Innovation Council (SSCBS-IIC), an initiative under the Union ministry of education, was started in January 2022. Its purpose is to create a vibrant local innovation ecosystem for pre-incubation of ideas. Workshops on ideation, problem-solving, design thinking and hackathon were conducted by the college to encourage technical innovation among students.

In the past year, the SSCBS Innovation and Incubation Foundation (SIIF) successfully adjusted to the hybrid working mode and has been working to rejuvenate and strengthen its facilities and mentor network. SIIF is in active discussions with over 10 new ventures and ideas, has added 15 new mentors to its panel of industry experts and is undertaking discussions with various partners, such as IID (Institute for Industrial Development) and FundEnable, to run add-on courses in entrepreneurship.

The SIIF, since its inception in October 2016, has incubated over 33 start-ups, funded over eight start-ups, and sensitised over 2,500 students, motivating them to take up entrepreneurship. Both students and faculty collaborated in research publications in journals. With respect to placements, despite the pandemic, there was a marked increase of 33 per cent in the number of new companies visiting the college campus. The average salary increased by more than 40 per cent—from Rs 7 lakh to over Rs 10 lakh per annum, the highest being Rs 36 lakh per annum offered by an Indian fintech company. While 90 per cent of the students have already been placed and the second phase of the placements season yet to close, pre-placement offers have also increased by 150 per cent compared to the year before. ■
