Nirma University, Amrita Vishwa Vidyapeetham and Symbiosis International.

Even amidst this generally gloomy scenario, there were these top private universities who survived all odds during this past year and thrived. These universities not only adopted technology quickly but have also been doing the right kind of groundwork to take on competition from the International and Government-aided universities, colleges & institutions. This has resulted in universities such as Manipal, Galgotias University, BITS, JSS University, LNM Institute of Information Technology, Dr DY Patil Vidyapeeth, Nirma University, Amrita University and Symbiosis International University standing tall among the most respected higher education institutions in India.

For Galgotias University one of the leading universities in Uttar Pradesh and is known for quality education across India, the digital process was already happening, it was about making the optimum utilization of the diverse tools on offer. And thus Zoom, Moodle, Google Classrooms, Google Hangouts, Skype, Webex, and Virtual Labs were called into action. Additionally, the students at Galgotias University were provided 15,000+ online lectures, 9,000+ e-learning resources, 3,000+ virtual classroom instances, 4,000+ online assignments, 1,000+ virtual videos, and 500+ virtual programming labs to pick from. They were given access to over 4,000 courses on industry-ready skills on multiple MOOC platforms (for credit transfer). To enhance the learning curve of the students, the University also shared e-resources such as NPTEL, SWAYAM, Udemy, Coursera, and MIT OpenCourseWare links. And the students continue to avail the benefits of these facilities to supplement the learnings received in their physical classrooms with the University campus having reopened now.

As the world of education is moving towards latest technological trends, institutions such as Galgotias University has also shows its commitment to match the university curriculum with latest technology innovations and inventions.

The team & management at all these top universities took on the job holistically by emulating the best practices of leading universities across the globe. In doing so, they pushed the boundaries of excellence in research and innovation. This dual focus resulted in these above mentioned top universities improving their placement performance and were quick to adapt to the blended mode of teaching and learning during covid times.

Even during the lockdown, the Galgotia's University arranged for online seminars & masterclass by the industry experts for students across the courses to enrich their learnings. Dhruv Galgotia, CEO Galgotias University explains, “Students had an edge as they are exposed to quality online lectures, World-class E-learning resources, virtual interactive classroom, online assignments, innovative video content and virtual programming Labs which make the online learning experience effective and enjoyable for every student”. Viewing the challenges posed by the pandemic as opportunities, Galgotias University ensured zero academic loss apart from increased student engagement and enhanced learning amidst the COVID crisis.

“Galgotias University has been ranked No 1 amongst private universities in the state of Uttar Pradesh by Hon’ble Dy. Chief Minister of Uttar Pradesh Shri Dinesh Sharma ji for the highest number of e-contents developed for the Online Digital Library. We are proud of our faculty and students for this remarkable achievement.

— Suneel Galgotia, Chancellor, Galgotias University
