*Course Fee = Tuition Fee + Other fees

partment of Architecture and Planning, IIT Roorkee, says, "Pursuit of excellence while facilitating an environment of interdisciplinary knowledge exchange in the fast evolving global ecosystems of learning is a constant goal at DAP." In past years, the department's leadership evolved to include sustainable development, urban futures, climate sciences, energy conservation, accessibility planning, inclusive designs, urban planning and other dimensions of built and social environments. DAP, IITR engages with national and global level challenges through research and professional excellence nurtured through its various laboratories like the Built Environment Lab, the Infrastructure Planning Lab, Laboratory of Inclusive Design (LID), Spatial Planning Lab (SPARSH) and Sustainable Urban and Regional Analysis Lab (SURREAL).

The department has received prestigious research/ consultancy projects from national and international funding agencies, including the Department of Science and Technology of the Union ministry of housing and urban affairs, National Institute of Urban Affairs, the Union ministry of tourism, ministry of culture, UKIERI, British Council, USAID and DAAD. In addition, DAP has ongoing collabora-
