WHAT MAKES A 'BEST COLLEGE'

DR SARASU ESTHER THOMAS

PROFESSOR ASHOK GANGULI

"Excellence comes due to great faculty and great students. You need outstanding people and students. We give students opportunities and alumni act as role models"

KAMAL KANT PANT
Principal, IHM, Pusa

"Best institutions should thank their competitors, but you have to keep on building your own institution. At IHM, Pusa, we try to engage all stakeholders and the alumni"

MANISHA KINNU

"We are a fun campus backed by solid academic rigour. The students are trained from their first year not just in academics but also in how they can work with the industry"

DR BIPIN JOJO

"Peer learning is the hallmark of our system and it was in place even though students were not there physically. For the digital divide, we provided laptops to students"
