compartments, designed for a crew of around

1,700
people

30
No. of aircraft

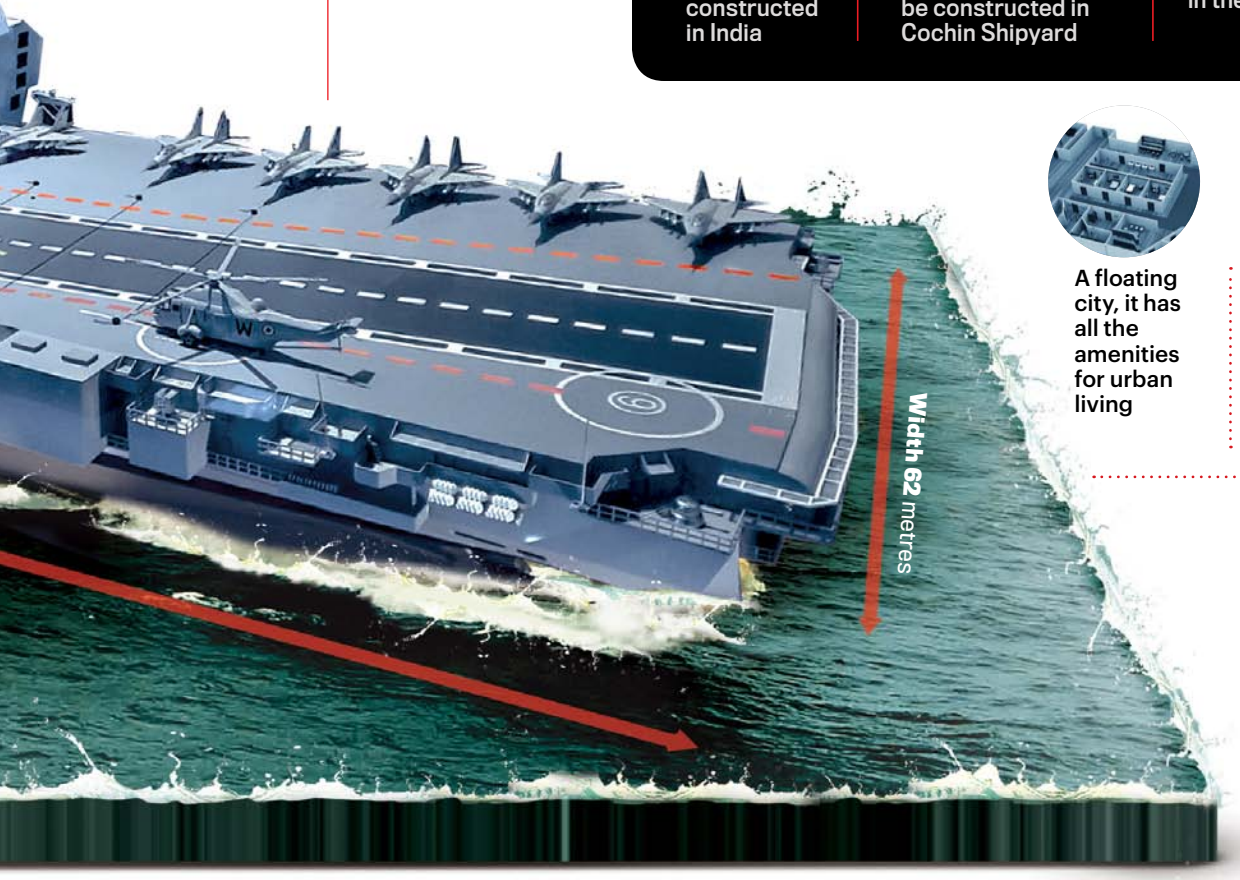

AIR ASSETS ON SHIP

- MiG-29K fighter aircraft
- Kamov-31 Air early warning helicopters
- American-built MH-60R multirole helicopters

A FEW FIRSTS IN THE *VIKRANT*

- First aircraft carrier to be constructed in India
- Largest ship constructed in India
- The special warship grade steel was manufactured for the first time in India
- The first defence ship to be constructed in Cochin Shipyard
- IAC *Vikrant* achieved full power for propulsion, or top speed, in her first sea sortie, a rarity amongst most modern warships in the world

A floating city, it has all the amenities for urban living

An advanced sewage treatment plant on board can treat sewage generated by 1,645 persons

Vikrant is fitted with a dedicated hospital complex that has CT & Ultrasound scanning, an operation theatre, even a dental clinic

ADMIRAL KUZNETSOV (RUSSIA)

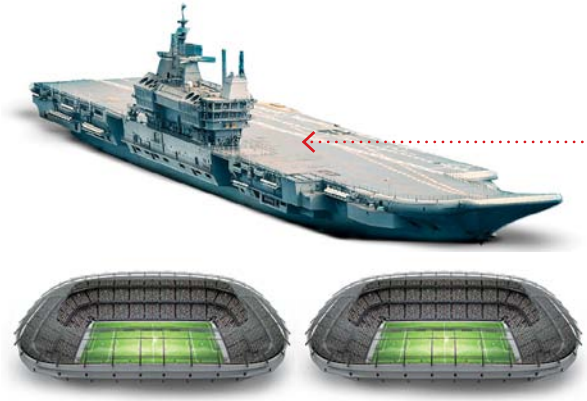

Has multi-role capability. Full load displacement: 58,500 tonnes. Can carry 33 fighters, 12 helicopters. Russia operates one carrier

LIAONING (CHINA)

The world's fifth largest aircraft carrier. Full load displacement: Over 58,000 tonnes; capable of carrying around 50 aircraft. China has three carriers in operation

The flight deck of IAC *Vikrant* is equivalent to two football grounds in size
