

from covid are getting help from the Vatsalya scheme in the state also.

HI-TECH POLICE

For the convenience of the general public, Chief Minister Pushkar Singh Dhami has launched Uttarakhand police app and e-FIR system. With the help of Uttarakhand police app all online services running by Uttarakhand police for the general public have now been integrated. It includes online app Gaora Shakti (which is related to the complain of any officer in district related to women issues), Traffic Eye (which is related to the traffic rules violation by any individual), Public Eye (which is related with violation of law and order issues), Meri Yatra (which is related with information of Uttarakhand Chardham Yatra and tourism) and Lakshya Nasha Mukt Uttarakhand (which is related to all information related to drug prevention) are now clubbed and people will get the service at one online app which is Uttarakhand police app. Cyber helpline number 1930 for complaint of any financial fraud and cyber fraud along with emergency number 112 have also been added in Uttarakhand police app.

ALL AROUND DEVELOPMENT

EMPLOYMENT

More than 1 lakh new avenues of employment were generated by attracting around 600 crore rupees as private investment through employment oriented schemes like Mukhyamantri Swarojgar Yojana and Mukhyamantri Naino Yojana. 10% of the total startups of the country is in Uttarakhand.

EDUCATION POLICY

Chief Minister Pushkar Singh Dhami launched Bal Vatika Kaksha at directorate secondary education Nanoor Kheda and with this launch, Uttarakhand became the first state in the country to start national education policy 2020. Career Card and Kaushal Pustak for development of entrepreneurship among children was also launched.

WATER MANAGEMENT

State is growing continuously in the field of fisheries and water management through the Amrit Sarover scheme. Under the Amrit Sarovar scheme the target of construction of 1240 Amrit Sarovers has been set in the 13 districts of state. This target will be achieved by the end of 2022.

INCREASING THE INCOME

106 common facility centres will be established with the help of rural business incubators and growth centres. This will encourage entrepreneurship in rural areas and will increase the income of more than 30 thousand farmers and artisans (Shri Kedarnath and Shri Badrinath Shilp Kendra).

AAYUSHMAN SCHEME

Uttarakhand is one of the leading states in the country in Ayushman Yojna. More than 47 lakh cards have been made in the state which is 2.5 times the national average. Uttarakhand has provided ration to 58000 guest families under One Nation One Ration card scheme.

TAX COLLECTION

Video analytics and image processing schemes are running in the state through automated number plate recognition systems to prevent tax theft and to make the e-way bill system effective. Artificial intelligence is being used for intense monitoring of GST.

DRONE POLICY

Drone research centres have been established in Uttarakhand. State drone training schools are being opened in every district. Drones are being used in crisis management through Nabh Netra platforms. Country's biggest drone factory has been established in Roorkee by a private investor.

TRANSPARENT SYSTEM

DBT is being used in 215 beneficiary schemes to ensure transparent fund flow. Uttarakhand is among first three states of the country where all bank accounts of the beneficiaries of MANREGA scheme are Aadhar seeded. GeM portal has been made mandatory for Government procurement to make it more transparent.

BORDER SECURITY

4007 more seats have been made available along with 35951 regular seats by expanding NCC in the border districts of the state. The NCC companies already established in border districts like Uttarkashi and Chamoli have been upgraded to battalion level.
