SALIENT FEATURES

The scheme is operated by government agencies as well as by private entrepreneurs-

- Prices of the Jan Aushadhi medicines are generally 50%-90% less than that of branded medicines' prices which are available in the open market.
- Medicines are procured from World Health Organization Good Manufacturing Practices (WHO-GMP) certified suppliers only for ensuring the quality of products.
- Each batch of drug after its receipt at the warehouses is tested at laboratories accredited by 'National Accreditation Board for Testing and Calibration Laboratories' (NABL) for ensuring best quality.
- Information Technology (IT) enabled End-to-End supply chain system with Point-of-Sale (POS) application for value added services has been implemented in PMBJP. A competitive system has been created where stores have an option to procure form distributors or PMBI warehouse directly.
