▼ FROM POVERTY TO PROSPERITY: MAPPING ODISHA'S FUTURE

TAKEAWAYS

1. The per capita income of farmers, who constitute 55 per cent of the workforce, is just Rs 5,112. How can this be inclusive growth?
2. Thirty per cent of the population is in the BPL category. Some 500,000 people from Ganjam district have migrated to Surat in search of jobs
3. Of the 2.2 million people who registered as unemployed in the past three years, only 26,000, or 1 per cent, secured jobs
4. The mineral-rich districts are poverty-stricken. Keonjhar is a steel hub but has 62 per cent of the BPL population
5. Over 90 per cent of Odisha's population being Hindu, the BJP will highlight the backwardness of districts like Kalahandi and Bolangir to take on the ruling BJD
