▲ KALINGA THE KALABHOOMI: HOW THE POWERHOUSE OF ART AND CULTURE CAN BE MARKETED

TAKEAWAYS

1. Making art contemporary will attract a newer generation audience. Stories of Sita and Draupadi on stage need to be rounded off with that of 'Nirbhaya'
2. A professional approach is required for art to be treated on par with other professions
3. Artistes have to double up as marketing agents. Director Nila Madhab Panda went door to door with his film *I am Kalam* for 10 years
4. The government must bring in policy to declare art as a creative industry and ensure that artistes get their due
5. Create a strong leadership in the art world to project and propagate Odisha's vibrant art forms
