- Incentivising water-neutral or water-positive technologies, and adoption of large-scale irrigation programmes which rely on sprinklers, drip irrigation and ridge and furrow irrigation.

95. **National Mission on Seabuckthorn**
    - The initiative is a part of Sub-Mission on Cold Desert Ecosystems under the Green India Mission.
    - Seabuckthorn, popularly known as Leh berries is also called the “Wonder plant” and “Ladakh gold”.
    - The MoEF and DRDO have launched the initiative for Seabuckthorn cultivation in the cold deserts.
    - It has multi-purpose medicinal and nutritional properties.
    - It has the ability to fix atmospheric nitrogen.
    - It is tolerant to extreme temperatures and has an extensive root system, making it ideal for controlling soil erosion and preventing desertification.

96. Wildlife (Protection) Act: 1972
    Forest (Conservation) Act: 1980
    Biodiversity Act: 2000
    Forest Rights Act: 2006
