1. Equity refers to making equal access to opportunities available to everybody.
2. Sustainability means continuity in the availability of opportunities.
3. Productivity here means human labour productivity or productivity in terms of human work.
4. Empowerment means to have the power to make choices. Such power comes from increasing freedom and capability.

Choose the correct statement/statements:

(a) 1, 2 are correct
(b) 3, 4 are wrong
(c) All are wrong
(d) All are correct

27. Consider the following statements:
    1. More than half of the population is under 30 years and less than one-fourth is 45 years or older.
    2. A population explosion in India commenced following the great influenza epidemic of 1918-19.

    Answer the statements through the codes:

    (a) Only 2 is correct
    (b) Only 2 is wrong
    (c) Only 1 is wrong
    (d) Both are correct

28. Consider the following statements:
    1. India has one of the largest, most highly diversified economies in the world, but, because of its enormous population, it is—in terms of income and gross national product (GNP) per capita—one of the poorest countries in the world.
    2. Many of the government's decisions are highly political, especially its attempts to invest equitably among the various states of the union.

    Select the correct option:

    (a) Only 1
    (b) Only 2
    (c) Both are correct
    (d) Both are incorrect
