(d) A is wrong and R is true

52. Which of the following are correct regarding Stratosphere ?
    1. The ozonosphere is also called chemosphere.
    2. Noctilucent clouds will be formed in stratosphere.

    Select the correct option:
    (a) 1 only
    (b) 2 only
    (c) Both 1 and 2
    (d) None of the above

53. Which of the following are correct regarding Aurora.
    1. Aurora's are type of clouds found in thermosphere.
    2. Solar wind is responsible for the formation of Aurora's.
    3. A geomagnetic storm causes the auroral ovals (north and south) to expand, bringing the aurora to lower latitudes.

    Select the correct option:
    (a) 1,2 only
    (b) 2,3 only
    (c) 1,3 only
    (d) 1,2,3

54. Which of the following are incorrect regarding land-sea differential?
    1. Albedo of land is less than albedo of oceans and water bodies.
    2. Average penetration of sunlight is less in water than in land. Therefore, land cools or becomes hot more rapidly compared to oceans.
    3. The specific heat of water is higher than landmass.

    Select the correct option:
    (a) 1,2 only
    (b) 2,3 only
    (c) 1,3 only
    (d) 1,2,3

55. Which of the following are correct ?
    1. Temperature gradients are usually low over the eastern margins of continents.
    2. Low temperature gradients are observed over tropics.

    Select the correct option:
    (a) 1 only
