(b) 2 only
(c) Both 1 and 2
(d) None of the above

66. Which of the following are correct regarding Isotherms ?
1. The isotherms are regular over the northern hemisphere.
2. While passing through an area with warm ocean currents, the isotherms show a poleward shift.

Select the correct option:
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) None of the above

67. Latent heat of condensation is the driving force behind all tropical cyclones. In this respect which of the following are correct regarding Latent heat?
1. It is the heat released or absorbed during phase change.
2. Latent heat, characteristic amount of energy absorbed or released by a substance during a change in its physical state that occurs with the changing temperature.
3. The latent heat associated with melting a solid or freezing a liquid is called the heat of fusion.

Select the correct option:
(a) 1,2 only
(b) 2,3 only
(c) 1,3 only
(d) 1,2,3

68. Deserts formed on the western margins of the continents is due to
1. Subtropical high pressure belt
2. Cold ocean currents
3. Easterlies

Select the correct option:
(a) 1,2 only
(b) 2,3 only
(c) 1,3 only
(d) 1,2,3

69. Climatically, the development of an El Niño brings
