Few leaders in India have been handed a third consecutive term. In the final year of his second term, it was clear that Dr Manmohan Singh, Modi's predecessor, was a spent force and his party, the Congress, was headed for defeat. Atal Bihari Vajpayee, the first prime minister of the Bharatiya Janata Party (BJP), did win three terms, but his first stint was only a 13-day affair; his second, coming after a gap of three years, lasted just over a year, and it was only his third stint between 1999 and 2004 that saw him complete a full term as prime minister. Indira Gandhi did enjoy three consecutive stints in power from 1966 to 1977 but never had the distinction of leading her party to three consecutive majorities in parliamentary polls. That honour so far has belonged only to Jawaharlal Nehru, India's first prime minister, who ruled from 1947 to 1964 and won for the Congress three consecutive majorities—in 1952, 1957 and 1962.

If all goes well for him and his party, Modi will make electoral history come May 2024, when the Lok Sabha election is slated to be held. The August 2023 edition of the biannual India Today-CVoter Mood of the Nation (MOTN) Survey predicts that Modi and the BJP are heading towards a
