

villagers are now able to directly submit online demands, lodge complaints and make suggestions related to development works in the villages to the Government on online portal Gram Darshan (https://gramdarshan.haryana.gov.in).

It not only enables villagers to have a say but also affords them direct and active participation in the development of their surroundings. Similarly, the Haryana Nagar Darshan portal has been created to facilitate people to voice their problems and make suggestions.

Mukhyamantri Antyodaya Parivar Utthan Yojana, a brainchild of the Chief Minister, seeks to uplift the social and financial condition of the underprivileged and poorest families of the State to make them self-reliant.

While launching the scheme, Sh. Manohar Lal, had said, "In our country, we still have several citizens who have to face a lot of financial hardship and problems. To help such people we have started the Mukhyamantri Antyodaya Parivar Utthan Yojana."

The primary objective of the Haryana Parivar Pehchan Patra (PPP) is to create authentic, verified and reliable data of all families in Haryana. It keeps the basic data of the family in digital format. Each family is provided an eight-digit Family-Id, which is linked to the birth, death and marriage records to ensure automatic updating of the family data.

The Family-Id links existing independent schemes like scholarships, subsidies and pensions to ensure consistency and reliability while enabling automatic selection of beneficiaries of various schemes, subsidies and pensions.

Under this scheme, families with an annual income of less than Rs. 1 lakh are identified and linked with the existing loan schemes, skill development schemes and wage employment opportunities in the private sector as well as in Government departments to facilitate increase in their income.

The Prime Minister had launched the 'Saubhagya' Scheme to achieve universal household electrification spanning every village and every district in the country. Inspired by his vision, the Chief Minister launched Mhara Gaon, Jagmag Gaon Yojana to provide 24-hour uninterrupted power supply to the inhabitants of such villages as people of the State who are paying their electricity bills on time. So far, 5,743 villages in the State are being benefited under the scheme.

Translating the principle of Prime Minister's vision of 'Sabka Saath, Sabka Vikas, Sabka Vishwas and Sabka Prayas', Haryana has achieved the target of supplying clean tap water to every household in the State under the 'Har Ghar Nal Se Jal' mission.

The Jal Jeevan Mission was launched in Haryana in 2019. Although the Centre set a deadline of 2024 to achieve the goal of providing tap water to every household all over the country, Haryana connected 100 percent households in the State
