to a nearby town. Being old, she could never reach the station on time, and the driver used to pick her up en route almost every day. But then the train used to be slow as ever.

One day the driver found the old woman walking along the tracks with a bundle of produce over her head. With the intention to help her, the driver slowed down the train and said, 'Hello, aunty! Come on in.'

The old woman, with her toothless smile, replied, 'My good son! I am in a little hurry today. Let me go on foot.'

---

97 Greenwich Mean Time (GMT) is the mean solar time at the Royal Observatory in Greenwich, London. GMT was formerly used as the international civil time standard, now superseded in that function by Coordinated Universal Time (UTC).
