

RE SHOTGUN 650

The Shotgun is an all-new motorcycle from Royal Enfield based on the Super Meteor 650, using the same frame and engine. The Motoverse edition, a special factory custom limited to 25 units, has been priced at Rs 4.25 lakh (ex-showroom), but the standard variants of the Shotgun will be priced lower. The 650 cc engine gets a different tune for the weight difference and new exhausts. The Shotgun features a roadster design with short fenders and bar-end mirrors, mid-mounted foot pegs and a flat handlebar.

Engine 648 cc 4-stroke, air/oil cooled
Power 47 bhp/ 52 Nm max torque
Price Rs 4.25 lakh (ex-showroom)

THREE OF THE LATEST BIKES TO HIT THE ROADS

APACHE RTR 310

The new Apache RTR 310 from TVS shares some parts with the RR 310, but while the engine is the same, it produces more power. The motorcycle gets a bi-directional quickshifter, and five riding modes. The RTR comes with a 5.0-inch TFT display, cruise control, TPMS, as well as heated/cooled seats.

It gets a 6-axis IMU that allows functions like race-tuned dynamic stability control, cornering ABS and many other features.

Engine 312 cc air-cooled
Power 35 bhp/ 28.7 Nm max torque
Price Rs 2.43 lakh (ex-showroom)

Engine 1,300 cc
Power 145 bhp/ 149 Nm max torque
Price Rs 24 lakh (estimated)

BMW R1300 GS

BMW's venerable R1250 GS adventure has evolved into the R1300 GS. The engine is a 1,300 cc boxer that produces 145 bhp and 149 Nm of torque. There is a new sheet metal mainframe around the engine while the rear sub-frame is die-cast aluminium. The R1300 also gets a new suspension set-up. There is a colour TFT display, adjustable windscreen and four riding modes.
