HYUNDAI VERNA SCORES FULL 5 STARS AT GNCAP

Hyundai has announced that the Verna has scored a five-star safety rating in both adult occupant protection and child occupant protection at the Global New Car Assessment Programme (GNCAP) crash tests. The midsize sedan scored 28.18 points in adult occupant protection and 42 points in child occupant protection, but GNCAP deemed the vehicle's structure as unstable and incapable of handling any extra load. This is the first time that a car from Hyundai India has scored five stars in both adult and child safety crash tests. Hyundai India also announced that all its models will come fitted with six airbags as standard.

CYCLONE MICHAUNG

MANUFACTURERS ANNOUNCE CUSTOMER SUPPORT INITIATIVES

Amid the devastation caused by Cyclone Michaung in Andhra Pradesh and Tamil Nadu, carmakers have announced support initiatives for their customers in these states.

MARUTI SUZUKI

Maruti sent out 700,000 SMS alerts containing precautionary steps to its customers. The carmaker collaborated with its dealer partners and made several arrangements at its workshops. The company mobilised 46 tow trucks from neighbouring cities and activated 34 Maruti roadside assistance vehicles for quick response, augmented spare parts inventory for ready availability, created a pool of trained manpower from its service workshops in nearby cities for quicker redressal, and collaborated with insurance firms for faster claim processing and settlement.

ANI

HYUNDAI

Hyundai's CSR arm, Hyundai Motor India Foundation, announced a relief package of Rs 3 crore to support communities affected in Tamil Nadu. The foundation provided relief kits such as dry rations, tarpaulin, bedsheets and mats. Medical camps were also set up and the foundation helped clean villages in its efforts to address the after-effects.

MAHINDRA

Mahindra announced complimentary roadside assistance, no-cost inspection and damage assessment, and financial relief through special discounts for its customers affected by Cyclone Michaung. Mahindra's customers can avail the support services till December 31. For those whose SUVs were submerged, the company advised against starting their vehicles to prevent further damage.
