RIICO: IGNITING INDUSTRIAL GROWTH

RIICO has been strengthening the Rajasthan government's development efforts in the transformation of the state as an industrial powerhouse and a key contributor to the economic growth of the nation.

Rajasthan, the largest state of India in terms of area, has emerged as an important contributor to the country's economic development. The state's main areas of strength include mineral based industries, textile, tourism, IT, automotive, gems & jewellery. The state is the leading producer of zinc, copper, silver, manganese, marble and stones in the country. It is known as the second-highest producer of oil and gas (after Bombay High), leading to the development of downstream industries in petroleum and chemicals.

The progressive and innovative policies of the state government have been instrumental in making Rajasthan a frontrunner in socio-economic development and inclusive growth. Pertinently, Rajasthan State Industrial Development and Investment Corporation Ltd (RIICO), the sole government agency involved in development of land for industrial enterprises in the state, has played a stellar role in contributing to the economy of the state and the nation.

"Invest Rajasthan 2022 is the manifestation of our commitment to building enduring partnerships with private enterprise for development of the state and prosperity of our people. It is an important milestone towards delivering on the commitments made by us to investors. I invite you to experience and benefit from the bouquet of exciting opportunities Rajasthan has to offer, and to join us in building a promising future for all of us."

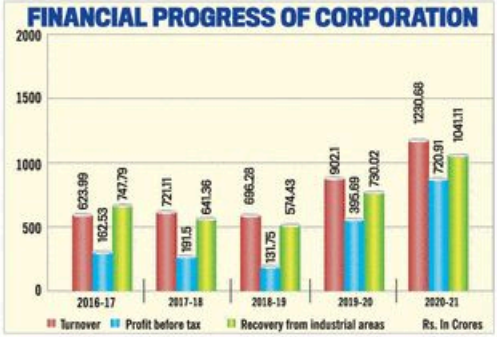

— Ashok Gehlot, Chief Minister, Rajasthan

PURSUIT OF CONTINUOUS PROGRESS

Incorporated in 1969, RIICO has completed glorious 50 years of its operations. The primary objective of the organisation is to promote industries and to catalyse big ticket investments in the state by providing them the best infrastructure and holistic support such as site selection and acquisition of land, financial assistance, facilitation of government clearances, extending incentives and concessions according to the policy of state government and department of industries.

In the past two years (i.e. FY 2019-20 and 2020-21), RIICO has significantly contributed to the development of industrial sector in the state, and also achieved successful financial performance year after year.

FINANCIAL PROGRESS OF CORPORATION

ACCELERATING INDUSTRIAL DEVELOPMENT

For the development of new industrial areas, RIICO also provides financial assistance by way of term loan to industries at competitive rate of interest, besides the land. RIICO has since its inception, sanctioned financial assistance of Rs 4156.97 crore to the industry which channelised the investment of Rs. 9539.77 crore.

RIICO has been focusing on development of sector-specific industrial areas / zones as one of the strategies to achieve synergetic industrial development.

Sector-specific industrial areas/zones have helped in creating an eco-system for a particular sector, generating synergy for attracting new investments within and surrounding these zones. Few sector specific industrial areas / zones
