THE NEXT 100 INNOVATORS

SPACE ARTIST

PRIYANKA DAS RAJKAKATI, 30

Aerospace engineer and artist
Assam

Priyanka Das Rajkakati wanted to be an artist, but was equally fascinated by the stars. So, this aerospace engineer combined passions to start on a professional journey few Indians have attempted. Her artwork has been selected to be part of an international Moon Gallery project that aims to send art to the moon via a lunar lander mission by 2022. Co-founder and GNC Engineer (Navigation) in Franco-German space tech firm The Exploration Company, which is working to develop, produce and operate a modular and reusable orbital space vehicle, she has now been chosen for a one-year fellowship programme by Karman Project, instituted by a Berlin-based non-profit
