

SIMPLICITY COMPASSION AND HUMILITY

THE UNIVERSAL MANTRA NOW "A NEW NORMAL"

The way forward for corporates in the 'new normal' is clearly to redefine management frameworks with interpersonal bonding, trust and care in the workplace

MODI ENTERPRISES

Modi Enterprises set a steady pace adapting to the challenges of the Covid-19 pandemic. But what's unique about this journey for the company is that long before the pandemic, it already had enshrined a solid work ethic within whose embrace were set the key components of financial stability, productivity, worker engagement, and loyalty.

Smart thinking, compassionate planning, communication and a people-centric outlook have been the drivers behind the nurturing agenda of Dr Bina Modi since she took over as Chairperson in 2019, following the death of her husband Mr. KK Modi, Chairman, Modi Enterprises.

Modi Enterprises was going up the curve of this multi-faceted transformation when the pandemic first hit the country last year. Modi Enterprises, a diverse conglomerate of businesses, has under the chairpersonship of Dr Bina Modi blazed its own trail with its People-First philosophy. What has been remarkable about her deep commitment and that of the entire organization, to the company workforce, has been its reciprocal support to lead Modi Enterprises forward, despite the challenges thrown up by the pandemic. The flagship companies of Modi Enterprises, notably Godfrey Phillips, a FMCG manufacturing and marketing cigarettes with PMI (Phillip Morris International), and Indofil Industries, too, registered impressive profits.

A LEADERSHIP OF TRUST

According to Dr. Bina Modi, matriarch of Modi Enterprises: "If you want to gather
