Besides, the Date of Birth, Time of Birth and Place of Birth, the Name of the person and its Number also influence the life of person. The universe is also compose of Numbers, which ranges from 1-9. These number effect our life positively as well as negatively. Each number is governed by Planet and these numbers are friendly as well as show enmity. The science of Numerology which deals with the numbers is about 5000 years old.

Let us understand, how the year 2022 will behave in overall as well as how will be the influence of these number of 2022 (2+0+2+2 = 6) on all numbers. Knowing your numbers help you prepare for life events and allow you to turn your opportunities in your favour. Therefore, understanding the meaning of numbers is crucial for discovering your full potential and better planning for the future.

OVERVIEW OF THE PREDICTIONS DONE FOR 2021

Year 2021 remained a challenging year for India and rest of the world due to COVID-19. The ups and downs were experienced due to Number 5 (2+0+2+1), Number of Mercury. Mercury is a very flexible planet and keeps changing its shape like metal Mercury according to the mold. Leaving apart COVID, 2021 proved a good year from the point of view of the technological developments. Many new businesses started selling online and the businesses which were already selling online or were providing online services grew with an exponential growth in their numbers. So, overall we could do well in Medicine, Online, IT, technology etc.

NUMEROLOGY PREDICTIONS FOR THE YEAR 2022

The year 2022 will affect us in two different ways. The year 2022 can show progressive growth, but it can be a depressive year also, emotionally week because of presence of three times 2 in 2022. 2 is the Number of the Moon which is a weak planet, keep on changing its shape and size and can bring emotional breakdowns. So sometimes happy, sometimes sad, these situations will be the part of this year.

Total of year 2022 comes to 6 (2+0+2+2), Number of Venus, again a soft or emotional planet. Hence we can say this will be emotional year and on other side as Venus is also known for Luxury, we can also call it as a Shopping year.

PROGRESS AND GROWTH IN 2022

- As the number of INDIA comes to 3, which is friendly Number to Number 6, therefore India can grow and prosper very well in the year 2022.
- The country's financial and economic sectors can see a big boost.
- Industries like technology, online businesses, healthcare, travel and tourism can also perform better than the last year.
- The entertainment industry will shine. Producers, Directors, and actors can be busy with work and do well. People in the creative field of music and art can perform well this year.
- Sectors related to beauty like glamour, fashion, interior design can do well this year.
- The year can be known as the shopping year. The demand for diamonds and jewellery will remain high. Ladies' wish to wear diamonds, and precious stones can be fulfilled.
- People will spend more on luxury life and show offs.

CHALLENGES OF 2022

- This year can be challenging emotionally, especially for children and the young generation.
- Individuals can suffer from poor psychological health. Suicidal tendencies may increase, especially in youngsters.

HOW YOU CAN OVERCOME THE NEGATIVES OF 2022

- This year wants the old time to come back when family and friends were close to each other.
- Keep yourself busy to avoid the occurrence of negative thoughts.
- Keep children away from mobile phones as much as possible and engage them in physical activities like yoga and outdoor sports.
- Foster relationships by connecting with your loved ones.
- Hold family gatherings and invite harmony into life and relationships.
- Donate white things to please Venus. Try to help the needy as much as you can.
