Reshaping and Transforming Skylines

The Brigade Group is one of India's leading property developers with over three decades of expertise in building positive experiences for all stakeholders. Instituted in 1986, the company has developed many landmark buildings and transformed the skyline of cities across South India, namely – Bengaluru, Mysuru, Mangaluru, Chikmagalur, Hyderabad, Chennai, Ahmedabad and Kochi with developments across the Residential, Commercial, Retail, Hospitality and Education sectors. Since its inception, Brigade has completed 250+ buildings amounting to over 70 million sq. ft of developed space across a diverse real estate portfolio.

The World Trade Centre, Chennai (WTCC)

Brigade is among the few developers that enjoys a reputation of developing Grade A commercial properties. The license owners of the World Trade Center across South India, the Group's commercial spaces have top international clients operating out of them. Brigade also entered the co-working space with 'BuzzWorks' in March 2019. The commercial segment has seen consistent growth over the last few years with over 5 million sq. ft of office spaces under development.

In order to harness the immense collective capabilities within the organization, we have crystalized our ethos under the 'SIX TENETS' of INSPIRE NXT Philosophy – CREATING LANDMARKS, BUILDING for TOMORROW, TODAY, GREEN THINKING at the CORE, DESIGN FIRST PHILOSOPHY, VIBRANT EXPERIENCES to FOSTER WELL BEING.

The World Trade Centre, Chennai (WTCC)

An exclusive development in the thriving IT corridor on OMR, World Trade Centre, Chennai offers an internationally distinguished address for any company looking to magnify its stature globally. A complete business ecosystem spread across two towers, this iconic development includes more than 1.8 million sq.ft. of premium offices, residential, and hotel space with a development potential of 2.6 million sq.ft.

Seamlessly unifying aesthetics and performance, the stunning WTCC edifices have been designed by HOK, the largest US-based architectural firm and a leader in sustainability and global design. It reinforces a sense of exclusivity for its tenants by bringing together architectural brilliance and a sustainable design. This commercial landmark is LEED Platinum certified development with SEZ benefits.

What was once a quaint village, Perungudi, has metamorphosised over the years into a thriving IT hub due to its strategic location in the IT corridor of OMR. WTCC has further propelled this transformation. Serving as an international focal point and stimulating economic growth, WTCC boasts of being the tallest commercial establishment in the city, reshaping and transforming the city's skyline.

The Brigade Tech Gardens (BTG)

BTG is a Campus Development located at Brookefields, Bangalore. The vision of this project was to develop a world-class office campus destination of strategic importance in a vibrant lifestyle -oriented neighbourhood and recognised for setting a new standard in the industry. The idea was to conceive a new innovative workplace campus designed with state-of-the-art efficiencies in services. BTG is an outcome of a collaborative design process, combining the multidisciplinary approach to urban design, landscape architecture and architectural components working within a flexible framework.

Designed by NBBJ – one of the world's most innovative architects, Brigade Tech Gardens integrates planning, landscaping and architecture, in perfect harmony to create the idyllic 21st-century workplace. The firm has a long-standing history of transformational, "green" designs and is dedicated to actively pursuing sustainable solutions that contribute to a more liveable world. BTG is Thoughtfully designed. Purposefully futuristic.

The development of approximately 3 million sq.f.t. of floor space, along with associated parking is spread across 7 blocks linked by pedestrian friendly central green that link the atriums of each of the buildings on the internal face, which allow direct access to the formal drop-off zone-thus allowing for a porous lobby that visually connects the exterior to the central green, it also has an Amphitheatre and Convention centre. It is home to competitively positioned office spaces that elevate the quality standards established by the Brigade Brand. Optimised functionality and operations are modulated and distributed across a single floor, whole building, and through linked campus experiences. The multi scaled nature of this development provides the campus with "unique, flexible and sustainable" aspirations catered to the modern workplace.
