36% OF INDIA'S BEST INDUSTRIAL PARKS ARE IN RAJASTHAN

(Industrial Park Rating System 2.0 Report of DPIIT, GoI, Oct 2021)

With India's largest industrial land bank of over 1,04,000 acres, the state already has more than 360 well-developed industrial parks. 25 of India's Best 68 Industrial Parks under Leader category are in Rajasthan.

And to further accelerate the pace of industrial development, 120 new industrial parks are being started in just one year.

No wonder, of 37 SIIDCs across India, RIICO has been recognised as the best State Industrial Development & Investment Corporation (by COSIDICI) in 2021.

Rajasthan also offers access to 40% of India's market, excellent road & rail connectivity, a vast pool of skilled manpower, and the most attractive investment incentives.

Welcome to the **NEW INDUSTRIAL POWERHOUSE OF INDIA**

Calling Investment Proposals

Govt of Rajasthan solicits Investment Proposals in various sectors.
