exhibition earlier, has evolved into a global trade show. It now covers primary, secondary, and tertiary sectors. Futuristic and disruptive technology, including ICT enablement, will be the new attractions at the 2022 Trade Show. Emphasis is also being laid on Climate Change this year with thrust on environment-friendly sectors such as clean energy, green mobility and sustainable agriculture.

These additions will take the Trade Show on a global scale as companies and partner countries are invited and given prominent space at the event. The B2B and B2G buyer-seller meets are must-visit events at the Trade Show.

With significant global participation under one roof, the Trade Show provides broad exposure to the latest global technologies to the youth and young entrepreneurs. Start-ups, MSMEs, students, and women entrepreneurs will be the core beneficiaries of the Trade Show, making it an inclusive forum for all stakeholders.

The Government of Gujarat has deputed an experienced and effective team to organise and manage the Trade Show. Industrial Extension Bureau (iNDEXTb), a Government of Gujarat organisation for investment promotion and facilitation, is the nodal agency for the Trade Show.

The State is all set to welcome investors and businesses from India and abroad. Offering a platform to explore and envision a world of investment opportunities in Gujarat, the Vibrant Gujarat Global Trade Show 2022 is sure to propel the next phase of growth for global economies.
