The New Education Policy (NEP) envisions an education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, and thereby making India a global knowledge superpower.

The NEP envisages that the curriculum and pedagogy of our institutions must develop among the students a deep sense of respect towards the Fundamental Duties and Constitutional values, bonding with one's country, and a conscious awareness of one's roles and responsibilities in a changing world. The vision of the Policy is to instill among the learners a deep-rooted pride in being Indian, not only in thought, but also in spirit, intellect, and deeds, as well as to develop knowledge, skills, values, and dispositions that support responsible commitment to human rights, sustainable development and living, and global well-being, thereby reflecting a truly global citizen.

GL Bajaj Educational has always been among the fore runners among to implement the latest in its pedagogy and methodology. Consequently, be it the university results, placements, research or student innovations, GLBians are making excellenent professional.

GL BAJAJ'S FACULTY AMONG WORLD'S TOP 2% OF SCIENTISTS LIST

In line with NEP2020, GL Bajaj institute has been putting additional efforts on the front of research. The US-based Stanford University has recently released a list that represents the top 2 per cent of the most-cited scientists in various disciplines. GL Bajaj's Prof. SP Dwivedi, Professor in Mechanical Engineering has been named in the World's Top 2% of Scientists List. This recognition places GL Bajaj Institute of Technology and Management, Greater Noida in the global map of excellence in Engineering Research and brings great pride to the Institute. He has been selected on the basis of his research papers' international evaluation.

COMMITMENT TO IMPLEMENT NEP 2020

The key overall thrust of curriculum and pedagogy reform across all stages will be to move the education system towards real understanding and towards learning how to learn - and away from the culture of rote learning as is largely present today. The aim of education will not only be cognitive development, but also building character and creating holistic and well-rounded individuals equipped with the key 21st century skills. In a recent discussion with Mr. Pankaj Agarwal, the Vice Chairman of the Group said that the group is committed to integrate NEP 2020 and accordingly planning changes in pedagogy and teaching methodology. "Technology has never been more vital than it is today, and it is a key driver of future growth," he argues. To keep up with the fast-changing needs and expectations of the technology industry, it is critical that young talent in India has access to the necessary infrastructure and course content." "Pedagogical adjustments would help India's digital economy transition by bridging the country's expanding technological skill gap, developing industry-ready emerging technology competences, and providing strategic impetus."

He said that the group is focused to create reinforced educational ecosystem for realizing 'Atmanirbhar Bharat' envisaged by the Honourable Prime Minister of India–Shri. Narendra Modi ji.

SENSITIZATION OF FACULTY AND STUDENTS

The core stack holder to implement NEP 2020 in full spirit are the faculty members. So in order to help them shape the ideology, regular seminars and conclaves are being conducted. Recently a national conclave on "Reforms in Indian Education System through NEP-2020" was organized from 16 th -18 th December, 2021. This national Conclave aimed to draw academicians from all the National Institutes to deliberate on the roles and responsibilities to be shouldered for

implementing NEP 2020 with full spirit to attain its objectives. As per NEP Students will be given increased flexibility and choice of subjects to study, particularly in secondary school - including subjects in physical education, the arts and crafts, and vocational skills – so that they can design their own paths of study and life plans. Holistic development and a wide choice of subjects and courses year to year will be the new distinguishing feature of education at GL Bajaj.

INNOVATION AT GL BAJAJ

In line with NEP 2020, GL Bajaj's Intuitional Cell has been working constantly to promote innovation among the students. The IIC GL Bajaj
