"My biggest learning is the belief that nothing is impossible. The academic rigour, learning to adapt and continue to learn, and the ability to handle pressure were part of this journey"

K. ANANTH KRISHNAN
EXECUTIVE VICE-PRESIDENT AND CHIEF TECHNOLOGY OFFICER, TCS

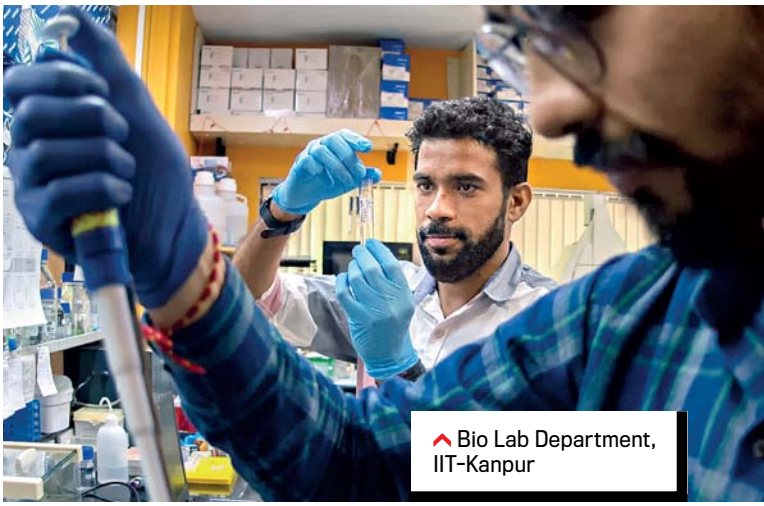

School of Public Policy, with a focus on science, technology, and innovation and development. From this academic session, 2022-23, a few more will be added, including an MTech in Machine Intelligence & Data Science and an MTech in Biomolecular and Bioprocess Engineering.

With multiple departments for postgraduate studies such as applied mechanics, biochemical engineering and biotechnology, chemical engineering, computer science and engineering, civil engineering, electrical engineering, and textile and fibre engineering, the institute offers students sufficient opportunities for research, development and training.

In the past three to four years, the IIT Delhi campus has seen over 16 unicorns. A number of pandemic-driven projects and start-ups have also been out since March 2022. It was an IIT Delhi team that developed a rapid antigen test kit for Covid-19 and a start-up incubated here, RAMJA Genosensor, that developed a multipurpose organic hybrid surface disinfectant spray known as NANOSHOT. Yet another start-up, Nanosafe Solutions, launched an anti-microbial and washable face mask called NSafe. ■

NO. 2 INDIAN INSTITUTE OF TECHNOLOGY *Kanpur*

MAKING THE GRADE

The first institute to offer Computer Science education in India, IIT Kanpur (IIT-K) is known for its innovation and research. Started in 1959 in a room in the canteen building of the Harcourt Butler Technological Institute, the IIT is now an over-1,000-acre campus—with over 7,000 students and 500 faculty members. Developing sustainable research solutions for the nation and building bridges between academia, industry and society are among its goals.

Education at IIT-Kanpur empowers the students with a critical thinking-led approach, scientific temperament and knowledge in science, engineering, management and humanities to
