GURUSPEAK

"We ensure that students are industry ready and mentor them for that from the first year itself"

PROF. BALVINDER SHUKLA
VICE-CHANCELLOR, AMITY UNIVERSITY, NOIDA

har Bharat to boost self-reliance in defence technology."

An ecosystem is also in place for the faculty, research scholars and students to work on innovations for the benefit of society and promote the growth of start-ups. Amity has also established a DST-Technology Enabling Centre (TEC), a collaborative effort with the Department of Science & Technology, Government of India, to create an ecosystem for technology development and provide a platform to network with researchers of other institutes, national laboratories and the industry. Research clusters have been set up in more than 50 areas including cancer biology, artificial intelligence, herbal and natural products, public health and waste management.

The pandemic notwithstanding, the university carried on with its eclectic functioning and learning processes by leveraging its strong in-house technological system. Between May 2020 and May 2022,
