difficulty and it is not easy to get more of it.

T h e discovery of India—what have I discovered? It was presumptuous of me to imagine that I could unveil her and find out what she is to-day and what she was in the long past. To-day she is four hundred million separate individual men and women, each differing from the other, each living in a private universe of though^ and feeling. If this is so in the present, how much more difficult is it to grasp that multitudinous past of innumerable successions of human beings. Yet something has bound them together and binds them still. India is a geographical and economic entity, a cultural unity amidst diversity, a bundle of contradictions held together by strong but invisible threads.

Overwhelmed again and again, her spirit was never conquered, and to-day when she appears to be the plaything of a proud conqueror, she remains unsubdued and unconquered. About her there is the elusive quality of a legend of long ago; some enchantment seems to have held her mind. She is a myth and an idea, a dream and a vision, and yet very real and present and pervasive. There are terrifying glimpses of dark corridors which
