particular school of thought. It is universal in its approach for everyone, Brahmin or outcaste: "All paths lead to Me,' it says. It is because of this universality that it has found favour with all classes and schools. There is something in it which seems to be capable of being constantly renewed, which does not become out of date with the passing of time—an inner quality of earnest inquiry and search, of contemplation and action, of balance and equilibrium in spite of conflict and contradiction. There is a poise in it and a unity in the midst of disparity, and its temper is one of supremacy over the changing environment, not by seeking escapc from it but fitting in with it. During the 2,500 years since it was written, Indian humanity has gone repeatedly through the processes of change and development and decay; experience has succeeded experience, thought has followed thought, but it has always found something living in the Gita, something that fitted into the developing thought and had a freshness and applicability to the spiritual problems that afflict the mind.

Life and Work in Ancient India

A great deal has been done by scholars and philosophers to trace
