guides? 'I will abide by my reason,' continues Vivekananda, 'because with all its weakness there is some chance of my getting at truth through i t . . . . We should therefore follow reason, and also sympathise with those who do not come to any sort of belief, following reason.' 'In the study of this Raja Yoga no faith or belief is necessary. Believe nothing until you find it out for yourself.'* Vivekananda's unceasing stress on reason and his refusal to take anything on trust derived from his passionate belief in the freedom of the mind and also because he had seen the evils of authority in his own country: 'for I was born in a country where they have gone to the extreme of authority.' He interpreted—and he had the right to interpret—the old Yoga systems and the Ved5nta accordingly. But, however much experiment and reason may be at the back of them, they deal with regions which are beyond the reach or even the understanding of the average man—a realm of psychical and psychological experiences entirely different from the world we know and are used to. Those experiments and experiences have certainly not been confined to India, and there is abundant evidence of them in the records of Christian mystics, Persian Sufis, and others. It is extraordinary how these
