other insects which abound in the country. At a later stage when some of these papers were discovered they threw a new light on many historical incidents. Even British-written Indian history had to be somewhat modified, and the Indian conception, often very different from the British, took shape. Behind this conception lay also a mass of tradition and memories, not of the remote past but of a period when our grandfathers and great-grandfathers were the living witnesses and often the victims of events. As history this tradition may have little value, but it is important as it enables us to understand the background of the Indian mind to-day.

The villain of the British in India is often a hero to Indians, and those whom the British have delighted to honour and reward are often traitors and quislings in the eyes of the great majority of the Indian people. That taint clings to their descendants.

The history of the American Revolution has been differently written by Englishmen and Americans, and even to-day when old passions have subsided and there is friendship between the two peoples each version is resented by the other party. In our own day Lenin was a monster and a brigand to many English statesmen of high repute, yet millions have considered him as a
