SHARE OF WOMEN CANDIDATES

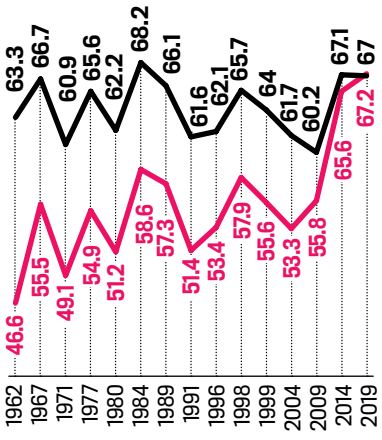

Though growing over the years, the share of women candidates in the fray is abysmally low

— Total candidates fielded
— No. of women candidates
— No. of women who won

RISING WOMEN VOTERS

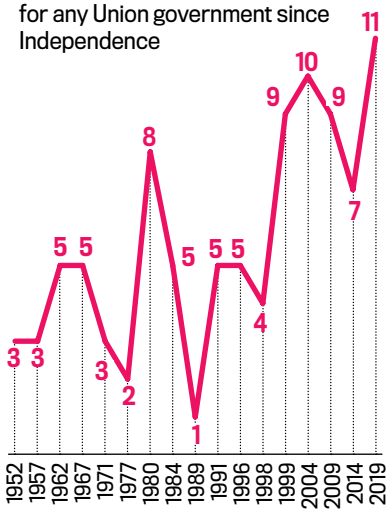

Though turnout of women voters has increased over the years, it lagged behind male voters for decades. Finally, in 2019, the trend reversed

— Male turnout (in %)
— Female turnout (in %)

MODI LEADS THE WAY

The current Modi government has 11 women ministers, highest for any Union government since Independence

— No. of women Union ministers
