> Uttar Pradesh is setting new standards of development in all sectors under the leadership of Chief Minister Yogi Adityanath. The state has emerged from the shadows of disappointment and treading the path of its aspirations and expectations. As security strengthens and conveniences increase, there is bound to be prosperity. New development projects will further strengthen the path of prosperity.

PATH TO PROSPERITY: YOGI GOVERNMENT EMPOWERING THE INVESTORS

To implement investment proposals successfully, maintaining continuous and effective communication with investors is paramount. Swiftly addressing their needs and expectations is not merely a preference but an absolute necessity. It is imperative in every scenario to ensure that each investor receives a prompt and appropriate response. With this objective in mind, Chief Minister Yogi Adityanath has established an 'Investment Implementation Unit' in all government departments. These units are tasked with executing and consistently monitoring investment proposals within their respective domains, as well as maintaining communication with investors.

Senior officers have been assigned the responsibility of overseeing investments on a sector-specific or proposal-specific basis. To further support investors, 'Udyami Mitras' are being deployed as part of the Mukhyamantri Udyami Mitra Yojana. To ensure that investors receive the benefits of all sectoral policies, including the Industrial Development and Employment Promotion Policy, without delay and with minimal human intervention, technical arrangements have been made in the portal, etc. by issuing government orders and notifications in accordance with the policy. Furthermore, the state government has also made arrangements for the allotment of land for mega projects within 15 days.

> The outcomes of the government's systematic efforts across various sectors are evident. Today, Uttar Pradesh has become the most preferred investment destination in the world. It holds the top position among Indian states in terms of attracting investments. The youth, entrepreneurs, and citizens of the state do not grapple with any identity crisis.

Chief Minister, Uttar Pradesh

ENSURING THE AVAILABILITY OF LAND

Securing adequate land resources is paramount to initiating investments successfully. The Revenue Department, in collaboration with various Industrial Development Authorities and other government departments, is diligently working to ensure that land is made available in the state, tailored to the interests of investors and project requirements. To facilitate the implementation of investment proposals of more than Rs 36 lakh crore received during the Global Investors Summit (GIS), an additional 8,000 acres of land have been procured. A total of 20,000 acres of land have been prepared for industrial use. Notably, substantial investment proposals have been received in sectors such as hospitality, logistics, and tourism, all of which predominantly require land in urban areas.

Anticipating these requirements, the Yogi government had proactively tasked the Housing and Planning Department with preparing a land bank even before GIS. In this regard, 14 development authorities, including the Awas Evam
