ECONOMIC TRANSFORMATION: UTTAR PRADESH ACHIEVES REMARKABLE MILESTONES

- **REVENUE SURPLUS:** Uttar Pradesh has undergone a remarkable economic transformation, transitioning into a revenue-surplus state. In the financial year 2016-17, the state's tax revenue stood at approximately Rs 86,000 crore. Astoundingly, this figure surged by 71%, exceeding Rs 1.47 lakh crore in the year 2021-22.
- **GST COLLECTION:** GST/VAT collection in UP in the year 2016-17 was around Rs 51,883 crore, which has increased to more than Rs 1.25 lakh crore in the year 2022-23.
- **PER CAPITA INCOME:** Uttar Pradesh's per capita income experienced substantial growth. From Rs 47,118 in the year 2015-16, it has surged to Rs 73,048 in the year 2021-22 and Rs. 83,565 in the year 2022-23.
- **TAX RETURNS:** UP reached second place in the country in the number of people filing income tax returns. In 2014, a mere 1.65 lakh ITRs were filed in the state. However, as of June 2023, this number has surged exponentially to 11.92 lakh.

Vikas Parishad, have assembled a land bank covering 634.449 hectares. To expedite investment initiatives, state-level Udyog Bandhu meetings are being conducted every three months. At the district level, instructions have been issued to mandate monthly Janpadiya Udyog Bandhu meetings with the District Magistrate and Superintendent of Police.

Furthermore, other financial institutions are getting involved by holding regular meetings of the State Level Bankers Committee. The Uttar Pradesh State Industrial Development Authority (UPSIDA) has acquired over 871 acres of Gram Sabha lands in various districts. Additionally, 1,300 acres of other land have been identified for potential use. Moreover, there are plans to acquire extensive industrial lands in Uttar Pradesh in collaboration with the Central Government, including VPCL land (approximately 231 acres) and Scooter India land (147 acres) in Prayagraj.

UNLOCKING NEW INVESTMENT OPPORTUNITIES

Uttar Pradesh (UP) is actively exploring new horizons in the realm of investment. The visionary Yogi government has embarked on a journey to develop industrial areas in the form of clusters. As part of this initiative, the state government is establishing the 'Apparel Park Cluster' within the Yamuna Expressway Industrial Development Authority (YEIDA). As the first industrial cluster initiated by the Yamuna Expressway Authority, this is a significant milestone. Entrepreneurs have shown a remarkable enthusiasm for establishing their industries within this cluster. A striking illustration of this eagerness is that, despite plot allotments, more than 70 industrial units are still expressing demand for plots within the textile cluster under the Yamuna Expressway Authority. The Apparel Park Cluster spans a substantial area, covering 175 acres, with a total of 89 plots available, of which 81 have already been allotted.

Due to the establishment of this Apparel Park, Gautam Buddha Nagar is gaining recognition as the "City of Apparel." During the challenging times of the COVID-19 pandemic, the Hiranandani Group took the pioneering step of deciding to establish the state's first data center. Initially, the state government set a target to build data centers with a cumulative capacity of 250 MW. However, just a few months after the introduction of the new data policy, the state government received proposals for the construction of seven new data centers, boasting a collective capacity of 900 MW. The year 2022 witnessed the inauguration of Uttar Pradesh's first data center park. Esteemed companies such as Adani and Sify have taken proactive steps towards the establishment of data centers within this burgeoning sector.

INFRASTRUCTURE PAVES THE WAY FOR PROGRESS

- **RAIL NETWORK:** Uttar Pradesh boasts India's most extensive railway network, spanning over 16,000 kilometers. The majority of the Western Dedicated Freight Corridor and Eastern Dedicated Freight Corridor are also located here. The junction of both freight corridors is in Dadri (Greater Noida).
- **EXPRESSWAY:** Currently, there are 6 operational expressways, with 7 more under construction. Among the operational ones are the Yamuna Expressway, Agra-Lucknow Expressway, Bundelkhand Expressway, Purvanchal Expressway, Delhi-Meerut Expressway, and Noida-Greater Noida Expressway, solidifying the state's reputation as an 'Expressway Pradesh.'
- **AIR NETWORK:** Uttar Pradesh is set to become the only state in India with five international airports, with airports in Lucknow, Varanasi, Kushinagar, and new airports in Jewar and Ayodhya under construction.
- **PORT:** The country's first inland waterway is being developed to connect eastern export centers like Prayagraj, Varanasi to Haldia port. The route from Varanasi to Haldia (about 1100 km) is already operational.
- **FREIGHT VILLAGE:** India's first freight village is being developed on 100 acres in Varanasi. Connecting the export hubs of Eastern Uttar Pradesh to the ports of Eastern India, this "Village" will act as a "Trans Shipment Hub" for inbound and outbound cargo.
- **DEFENCE CORRIDOR:** Of the two defence industrial corridors announced in India, one is being developed in Uttar Pradesh. Under this, six nodes Aligarh, Agra, Kanpur, Lucknow, Chitrakoot, and Jhansi are being developed in the state.
- **MANUFACTURING HUB:** The state is a major contributor to India's mobile manufacturing, with around 45% of the country's mobile manufacturing taking place here. Additionally, approximately 55% of mobile component manufacturers are based in Uttar Pradesh.
- **INDUSTRIAL PARK:** The state's first medical device park is being established near Yamuna Expressway. Similarly, Film City, Toy City, Apparel Park, Handicraft Park, and Logistics Hub are being developed in the Yamuna Expressway area.
